## A Letter from the President...

*It's almost time again for annual election of directors. Looking back at this year the board has accomplished the goals established last year.*

*The board did get the pool open. The park is beginning to get revitalized and is looking a lot better. There is still much to do in both areas.*

*These were the directions set at the annual members meeting that held the election of board officers. Again this year the board is soliciting the opinions of all present to help establish the priorities for next year. I truly believe in the expression "list your work, work your list." The only way to get that which you feel is important on the list is to come to the meeting. Several times this year people have approached me trying to get the board to move into a different area or direction. I feel that is inappropriate. The board should operate with full transparency. The direction and priorities established by the members at the members meetings are executed by the board to the best of its ability. While the day to day business of the directors can be rather dull, the members meeting in October is the meeting that sets the following year in motion. Sometimes this can be a heated meeting yet it is always civilized. I would like to personally invite all Parkglen residents to come meet your neighbors, have a cup of coffee and help us set the course of action for the next year. If you do not participate you have no reason to complain.*

## Game Time At The Civic Center

Would you like to come meet some of your neighbors, have coffee or tea, and visit? Some of us are hoping we can get enough adult residents together to play a board game, cards, dominos or just visit a bit from 10 to 12 am on Tuesdays at the Civic Center, beginning October 13. We will provide coffee or tea. You are welcome to bring a snack to share. Please bring a game (monopoly, scrabble, cards, chess, checkers or whatever) if you can.

We are starting with adults only because we don't have childrens' activities prepared yet. At some point in the future, we will probably include them if that is what the group wants. Until then, let's just get together and do some talking to see what we should do next.
