Issues Discussed:

1. Anthony - was taking care of perimeter that the city owns. The neighbor said he will cut it. Neighbor puts up barrier. Left concrete part of barrier. Grass is growing in the street. Trees are not cut. Neighbor does not maintain the house. There are rats. Mosquitos too. City supervisor is coming out monday. Jose said that there is a lot that is going on with that property. Neighbor got a citation for the pool. But HOA cannot go into the backyard. Jose will be going out again to look. Jose said that he will continue to work on this problem. Everything takes time-especially with the city.
2. Jose discussed the speedbumps. The city representative promised that we will have them. Soccer goals were supposed to be donated by Helfman Ford. They have not done so yet.
3. Lopez utilities have been cutting lines and site restoration. When called, they came and replaced gutters. This is a company that does the right thing.
4. Jose talked about adding cameras, fixing the park--kids love it. A music system was added. Upgraded lights are in the park. Jose brought up the topic of fencing in the park. The fence would be donated.
5. Jose said that he is doing deeds. He said that would be doing them again starting next week.
6. Lina talked about a truck that is sitting in the street, is abandoned and needs to be moved. The city has been coming out, but sometimes are a little slow.
7. There were strong letters written to the city about the cars in the medians, and the grass cuttings are also misplaced. There is also a camper that is parked out in the street. There are some issues with the trash and speaking with 311 helps.

Meeting was adjourned at 7:55pm
